

17.7.20

Hello Year 4,

I hope you and your family are happy, healthy and safe.

It feels strange to be writing my last letter to you as your Year 4 teacher. These last few months have been very bizarre and you have adapted to this new way of learning brilliantly. I am so proud of you all and will miss you dearly. Thank you for being such a wonderful, funny and loving class; I know my superheroes will continue to fly high!

I wish we were able to complete the year properly where I could see you continue to grow in your learning. The summer term has always been my favourite and I hate that we couldn't enjoy it together. However, I hope you were able to enjoy some of the topic related activities in your timetables over the last few months. Thank you for your kind and loving

messages; your thoughtful words have made sad days take a happier turn. I also want to say a big thank you to the parents for the generous gift. This frame is beautiful and I look forward to displaying it in my classroom.

I hope you were able to work your way through the timetable this week. Did you manage to hold a mini Olympic with your family or maybe you had your own Greek day filled with delicious food and dressing up? As this is your last week it means I will no longer be setting you home learning. Do enjoy your summer holiday but please also continue with reading and times tables practice.

I have attached some pictures of Isla completing her own Olympic Games at home with her big brother Sam. This looks very well organised and looks like you had lots of fun!

As I end my message Year 4 I would like to again reiterate the importance of kindness. A small act of kindness goes a long way and I hope you continue to be the kind and empathetic individuals that you are.

Well done for everything you have achieved.

I hope you all have a wonderful and safe summer. I'll hopefully see you around in September as you move into Year 5.

Take care. Love,

Miss Noushin xx
