

Help your child to keep practising their reading at Home **FREE** eBook Library

One of the most important things you can do during the school closure is to ensure that your child practises their reading (and phonics for younger children) daily using books appropriate to their level.

If you have not already done so, I would highly recommend signing up to the free eBook library developed for children aged 3-11 that has been made available by Oxford Owl for the period of the school closures. A range of books are available to parents for free and Oxford Owl are temporarily adding hundreds more eBooks to the library so your child has more to read at home.

The books include some characters that will be familiar to the children such as *Biff*, *Chip and Kipper* and *Winnie the Witch*, you'll also find some non-fiction eBooks and other books used in school such as *Oxford Reading Tree*, and *Project X Alien Adventures*.

All the eBooks are free to use, you just need to register at <https://home.oxfordowl.co.uk/books/free-ebooks/>

Then simply choose your first book and start reading.

Books can be browsed according to age, series or level.

Please note, the eBooks are not optimised for mobile phones and are best viewed on a computer, laptop, or tablet.

Do have a look at this wonderful resource and take advantage of the eBooks!
